## NGV'S VIDYARTHI SAFALYA NIDHI

(Estd.- 2014)

N. G. V.'s Vidyarthi Safalya Nidhi.... " A ray of hope in students life".

We take this opportunity to share with our ever supportive parents the journey of this organization. It takes us back to August 2014, when N.G.V's Vidyarthi Safalya Nidhi organization was established. This initiative was formulated with a vision to give economic benefit to the economically weak but at the same time academically excellent students of our school because we believe.....

"An investment in education always pays the highest return in student's life."

This noble undertaking was being envisaged with the consent of our enthusiastic President of AVA Education Society, Shri Vikas Vartak Sir and the guiding and optimistic Principal of our institution Mrs. Sarika Rawat Madam.

They both support the thought that..... "Every person should have an equal opportunity to obtain education , regardless of his station / status in his life or financial means."

Safalya Nidhi Fund is being raised by teachers yearly contribution from their salary, Khari Kamai of students, Food festival in college, fine amount collected from students on open days , donations by students on their birthdays, etc.

For the smooth administration of this initiative a managing committee comprising of retired and existing NGV & PBV staff was step up. Laws and Bylaws were also framed by this committee. Students from Nursery to Standard XII can avail the benefits through this organization.

The following criteria was underlined for the students if they want to avail the benefits:

- ❖ An Orphan child
- ❖ A single parent child
- ❖ Jobless parent
- ❖ A Child with medical problems
- ❖ A Physically handicapped child
- ❖ A child whose parents are under medical treatment.

Once the names of the students are forwarded by the committee, a meeting is arranged with the parents and the managing committee. Surprise home visits are also held by the committee members to check the authenticity of the situation because we believe that –

"It is often in the darkest skies that we see the brightest stars."
